This agreement specifies that the independent contractor listed above will receive \_\_\_\_\_ of the net profit of the sales in which he/she is personally and/or primarily involved and works on. Adjustments to this amount can be altered either higher or lower based on a per item/client negotiation when appropriate and based on mutual agreement. No out-of-pocket expenses are to be incurred by the independent contractor or become the responsibility of ESOT (Ebay Services of Texas) without prior mutual agreement. The independent contractor is fully responsible for any and all items, property or information in their possession either directly or indirectly belonging to ESOT or its customers, clients, leads or associates. Any property, asset or information belonging to ESOT, its customers, clients, leads or associates is to be returned immediately to ESOT upon verbal or written request. In addition, the independent contractor shall not solicit to or do business with any ESOT customer, prospective customer or associate directly, by-passing ESOT.
